

How can I make my business more efficient as well as more effective?

Just use:

Gather

Gather enables Care organisations to radically reduce the effort and thereby cost associated to quality assurance, not just annually but continuously 24/7.

We dramatically improve engagement and quality of insights, with less effort for you.

Moving organisations from reactive to proactive, giving you the essential evidence you need for CQC via an instantly analysed dashboard, as well as being able to confirm what you are doing well, and know any potential areas for improvement.

However, we don't stop there our platform can help you with new hire evaluations, staff assessments, worker voice, and employee well-being. Giving you a stronger workforce, making recruitment easier, reducing absence and improving your staff retention.

You can deploy all of the above and more, all branded as your own in minutes!

Multiple locations can be managed centrally by head office, whilst the locations see just their own data.

FREE

We are so confident in our solution, we offer a one month free trial so you can try it for yourself, at no risk.
