

# **Gather** . . . it's not a budget question. **Without us you aren't able to save so much money**

At just £1 an employee per month it is a fraction of the savings of just one of these items, **let alone all of them**

We can save you an inordinate amount of time and money, by streamlining and automating processes that you do manually.

**Saving costs from £3900\***

The GATHER © platform can help protect your business from potential staff disputes, as you can demonstrate a swift route for staff to express themselves 24/7 prior to any dispute.

**Saving costs from £7400\***

Performing manual surveys has huge staff time overheads of performing such tasks as:- creating; printing; distributing; collecting; inputting; analysing; reporting; validation of the desired reach and, the destruction of information.

**Saving costs from £2500\***

You can be immediately aware of staff with grievances to prevent escalation into costly disputes and staff attrition, thereby avoiding the associated rehiring costs of advertising; contractual fees; on-boarding and training, all of which amounts to thousands..

**Saving costs from £6000\***

The associated costs of staff attrition meaning you are having to pay for advertising, contractual fees, on-boarding and training, all of which amounts to thousands.

**Saving costs from £8000\***

If you have staff who are happy in their jobs, you can demonstrate this to future employees, evidencing how you look after your staff, value their opinions and give them support, which increases your chance of recruitment.

**Saving costs from £1800\***

Finally, you have to produce evidence to the CQC that you manage and support your staff. The GATHER© platform provides evidence, to save you the substantial amounts of effort; time and costs to achieve these manually.

**Saving costs from £2900\***

**Obtain greater loyalty from your staff and service users. Gaining deeper insights and evidence far easier than ever before. Making your organisation more efficient, effective and ultimately better!**
